I AM A FIGHTER

SUNDAY 17TH OF APRIL

1.30 – 4.30

**BAIRNSDALE BOXING CLUB
BAIRNSDALE CITY OVAL**

The wrong path was only a small choice away, a choice that he was witness to causing many poor outcomes for his peers. Sam uses the qualities of discipline, perseverance, and hard work to further his personal training, motivational seminars, public speaking and social awareness campaigns. His motivational and training seminars transfer the "fighter's ethic" to personal achievements and overall quality of life.

*To Celebrate national
Youth Week 2016*

and our young people's strengths Sam will be holding a physical training session and speaking about where he has been and how he got there. Sam will expect a full commitment from those attending his training seminars and will touch on topics like stopping youth violence, turn around and walk away; one punch can kill, keeping the fighting in the ring.

There are places available for GEGAC clients 16-21 giving them the first opportunity to work with Sam to be challenged and inspired by someone who is a fighter and can help them to learn and where needed help to change their story.
