

NDIS Paediatric Therapy Groups

Our Complete Therapies team provide a range of therapy groups for children who need help with language and motor skills.

They can also help children with social skills such as engaging in conversations, following instructions and interacting with other children.

Groups include (but are not limited to):

- Active Lorikeets: pre-school program focusing on language and handwriting skills for 4 - 6 year old's.
- Little Wrens: Group therapy program that children attending child care expanding their speech, language and fine motor skills.
- Lyrebirds: speech therapy group for pre-school aged children with mild speech difficulties.
- Moving Meerkats: program focussing on gross motor skills for children aged 3 - 5 years of age.
- Kinder gym: fun physical activity for babies to school aged children and an opportunity to develop balance, strength and flexibility.

Individual and small group therapy sessions are available based on your child's specific needs.
