

NDIS Plan Management

When you enter your NDIS planning meeting, you will be asked how you would like to manage your plan. If you're confused about your options, don't worry - you're not alone! Fortunately, choosing how to manage your NDIS budget doesn't have to be a difficult decision.

With the NDIS, you have three options to manage your budget. You can:

1. Have the NDIA manage your funds
2. Self-manage your funds
3. Have a Plan Manager help you manage your funds.

The following table provides a simple side-by-side comparison of your fund management options:

Benefit	NDIA Managed	Self Managed	Plan Managed
No out of pocket costs to you	✓	✓	✓
Access to NDIS registered providers	✓	✓	✓
Access to unregistered providers (e.g. carer, therapists, cleaner, interpreter, etc.)	X	✓	✓
Freedom from complex paperwork and bills	✓	X	✓
Power to approve all payments to providers	X	✓	✓
Payments made on your behalf	✓	X	✓
Clear view of spending and balance	X	X	✓
Billing issues resolved for you	✓	X	✓

By choosing to work with us, you can take complete control of your NDIS budget while having a partner to pay your providers, bill the NDIA and support you every step of the way. You choose your supports, while we protect you by managing your money consistently and transparently.

Our services don't cost you anything. We do not take money from your budget to provide support.

Our role is to simplify plan management so you have more time to do what you want.
