

NDIS Support and Specialist Coordination

If your NDIS plan includes coordination of supports, then we can help you. We have support coordinators who will assist you with choosing how you want your services to be provided. They can also help you decide how much of your budget you spend on each type of service and facilitate service agreements on your behalf.

Our support coordinators can also help you:

- Achieve your plan's goals
- Get value for money from your plan
- Provide reports to NDIS on outcomes prior to review
- Prepare for NDIS reviews

Specialist support coordination

Specialist support coordination is a higher level of support. The focus is on reducing complexity in the participant's support environment and helping the participant overcome immediate and/or significant barriers in plan implementation.

Support coordination is included in a plan

Support coordination will be included in the capacity-building budget where reasonable and necessary. This is a fixed amount for a support coordinator to help you use your plan as the NDIA plan decides.

Why GLCH

- ✓ We have more than 48 years of **local** health experience
- ✓ We provide high quality, accessible services that support people in our communities to **live well**
- ✓ We have staff with the expertise and knowledge to help you achieve your goals
